Students in year 7 who currently attend a South Australian Government school will receive a transition pack of information from their primary school. This information is distributed early in term 2. Families can then complete an online form indicating their preferred secondary school.

### Zoned Students

Students whose permanent and primary place of residence is within the Banksia Park International High School zone (as decided by the South Australian Department for Education) are automatically offered a placement at the school. Proof of residence may be required due to high demand for enrolments.

### Application for Enrolment via the new online process for out of district place at Banksia Park HIS.

The transition pack contains information for parents who wish to enrol their child at a school, even if they live out of the school zone. **Enrolments for students from outside our zone are processed by South Australian Department for Education and are criteria based.** Families are strongly encouraged to write supporting statements addressing the following criteria:

- Distance
- Curriculum
- Social and family links
- Transport / location convenience
- Disability

## Year 7 - 8 Transition

Year 8 enrolment is carried out by the department via a new online process and the Primary School.

During Term 2 of the year your child is in Year 7 you should receive a 'Starting Secondary School' pack from your child's primary school

**The department allocates students to high schools through the 7/8 Transition process. This is not decided by the high school.** You will be notified of your allocated high school mid-August of the year your child is in Year 7.

Zoning information can be found at <https://www.education.sa.gov.au/sites-and-facilities/education-and-care-locations/find-school-or-preschool>

You can select Golden Grove High School as your first preference. However, the department fill our school's places with zoned and siblings of currently enrolled students first.

If there are places remaining they will allocate out of zone students. These students are determined by the department via a criteria basis which can be found at <https://www.sa.gov.au/topics/education-and-learning/schools/choosing-a-school/school-zones>

Please contact the Department for Education 8226 1000 if you have queries regarding out of zone criteria.

Further information can be found at <https://www.sa.gov.au/topics/education-and-learning/aboriginal-education/enter-for-success-program>

If you miss the 7/8 Transition process, you can apply directly to Golden Grove High School via the Executive Secretary. However, if you do not live in our school zone, you will be placed at the bottom of the waiting list issued to us by the department.
